Information on the RoHS Directive and REACH Regulation

Declaration of conformity RoHS

We hereby confirm the conformity of our products with the RoHS Directive 2011/65/EU and 2015/863/EU of the European Parliament and the Council on the restriction of the use of certain hazardous substances in electrical and electronic equipment as well as compliance with the maximum permissible concentration in homogeneous materials in percent by weight

- | | |
|--------------------------------------|--|
| 1. <0.1% Lead | 2. <0.1% Mercury |
| 3. <0.01% Cadmium | 4. <0.1% Hexavalent chromium |
| 5. <0.1% Polybrominated biphenyls | 6. <0.1% Polybrominated diphenyl ether |
| 7. <0.1% Bis(2-ethylhexyl) phthalate | 8. <0.1% Benzyl butyl phthalate |
| 9. <0.1% Dibutyl phthalate | 10. <0.1% Diisobutyl phthalate |
- according to Annex II of the directive.

Declaration of conformity REACH

As a manufacturer of electronic and electrical products as defined by the REACH Regulation 1907/2006, KD Elektroniksysteme GmbH is a "downstream user". Obligations based on the manufacture and introduction to the market of substances / chemicals for pre-registration and registration (ECHA) do not apply to us. Our products are articles and are therefore not defined as substances or preparations. Furthermore, no substances are released by our articles under normal and foreseeable application conditions. KD Elektroniksysteme GmbH is therefore subject to neither the registration obligation nor the obligation to create safety data sheets.

According to information from our suppliers, the materials we use do not contain any substances from the candidate list (SVHC list) (<https://echa.europa.eu/de/candidate-list-table>) in a concentration exceeding 0.1% by mass.

We are in constant contact with our suppliers. Should we determine that our products are subject to reporting according to Art. 33, we will inform you of this immediately.
